I saw you and I couldn't take my eyes away  
I swore I saw you looking my way  
But I wasn't sure then  
I said to my friend well look at her  
You had me taken and I didn't know your name  
My heart was aching with so much pain  
Like a girl I knew  
But it was different because I didn't know you

We never met again until that day  
It was nothing short of a memory  
I know for certain that I saw you  
But you never talked to me anyway yeah  
We had just met but friendship flew right by  
You were perfect but I wasn't the right guy  
I guess waiting and watching thinking if I should ask  
But if I didn't then I knew the moment would pass  
What was I to do?

I wish I could go back to that place where I met that  
familiar face  
But now I'm certain it's gone  
It's lost forever  
Forever my roller rink girl
