[Tony Yayo]

I saw her in the projectz goin to the store

Her baby daddy is a killer he hold weight in Attica
But every time he home he beatin her and smackin her
Ma you don't need your face black and blue
You need diamondz from Jacob thatz black and blue
Water front property you see the sun risin
Back to the subject let me stop fantasizing
Listen boo nobody in the world is perfect
So when u around my team therez no need to be nervous

This curiosity girl killz the cat
