Why have i consumed all the thoughts that i have
preveously doomed
I don't know and I don't give a shit but I know i mix
up my words some times

Consol is everything that you wana be no matter what
you do treat your friends like your family does to
you like your family does to you

I dont know and I have been there before,
Your forgot the words while tryin to settle
the score when u are flyin sky high in mars,
just remember all those sparkling decaled
guitars/details in time
