Chorus:

I am a queen  
And you will respect me  
I will not stay, while you say all those things of me  
Yes, I am a queen  
It's time that you finally see  
you will regret what you did to me  
I am a queen  
And you can't resist me  
Everything we had, boy you know you'll be missing me  
Cause I am a queen  
It's time that you finally see you will regret what you did  
to me.

Verse 1:

First, let me clear up everything  
I'm only going to say this once  
So no, I didn't do the things that you all accused me of  
Before you start to talk to me and you start defending  
make sure those hands of yours are clean  
Cause you don't know who you are messing with, I am  
the one yes I am the queen

(Chorus)

Verse 2:

Now, let me break this down for you  
I'm not done so please listen up  
I said I'm sorry for how I dealt with you and how I  
brought another close  
But now I am above you all cause I would never sink  
that low to go and hurt somebody's soul. You will see  
who I will be, I will succeed yes I am the queen.

Bridge:

I know I did things to hurt you babe,  
But what you did, I will never forgive  
So stop coming back, cause I'm done with that  
I'm moving on

Rap:

No need to analyze everything that you see just realize  
all the things in life that you need. Another one with a  
conscious mentality that's how the love lasts long time  
a guarantee. Caught up in the moment, it's called a  
routine. Still gotta focus no need to be obscene cause

its about the empress and what she needs. Cant stop,  
because you are the queen.  
(Chorus)
