Verse 1:

Without a single good bye you left me
Ever since we met I adored you
You had so much love in your heart
And now your death has torn us apart

Chorus:

I would take back everything bad I said
And love you endlessly, compassionately instead
If I could see you for one last time
I'd apologize
For all the times we fought and all the times I made you
cry

Verse 2:

We never knew you'd go away
And never live to see today
I'm in so much, so much tears
I know I'll cry, I'll cry for years

Chorus:

I would take back everything bad I said
And love you endlessly, compassionately instead
If I could see you for one last time
I'd apologize
For all the times we fought and all the times I made you
cry

Bridge:

Loosing you is so much pain
Sorrow is all I gained
One thing I do know
Your love will remain with me
Lord knows that I love you
And in him I am comforted

Chorus:

I would take back everything bad I said
And love you endlessly, compassionately instead
If I could see you for one last time
I'd apologize

For all the times we fought and all the times I made you
cry

I would take back everything bad I said
And love you endlessly, compassionately instead
If I could see you for one last time
I'd apologize
For all the times we fought and all the times I made you
cry

I would, I would take back, I would take back
I'd take it all back, take it all back, take it all back
if you give me one more time
If you give me one last time
Oh I'm sorry (x3)
