you can say BTW and BRB
but you can't say that you
love me and you can say OMG
to anything crazy but me so
don't text me anymore and
don't call me anymore whoa hey
you can delete me from your contacts
and delete the ring tone you use for
me cuz it's over (yes) it's over
you can go TMI and TMTH to other
but you can't say HOT to me oh oh
so here's what's gonna happen (oh)
don't text me anymore and
don't call me anymore whoa hey
you can delete me from your contacts
and delete the ring tone you use for
me cuz it's over (yes) it's over
don't page me,page me,
don't text me,text me
and i removed you from
my myspace so don't try
to send me a friend request
(oh no) because i blocked you
