Everybody needs a reason to believe
Something to keep them goin'
To set their soul on fire
Make them feel alive
Its their inspiration

(Chorus)

Somebody that will live off of the land
Somebody that ain't working for the man
Somebody with a bottle in their hand
That's what gets them through
Somebody in a shiny limosine
Somebody in the magazines they read
Somebody that remains out of reach
No matter what they do
Baby that's not me
I found it in you

Oh Yeah

I always wondered when my search was gonna end
And I'd find what I'd been missing
Now everything you are goes right to my heart
And feeds this passion

(Chorus)

Somebody that is livin off of the land
Somebody that ain't working for the man
Somebody with a bottle in their hand
That's what gets them through
Somebody in a shiny limosine
Somebody in the magazines they read
Somebody that remains out of reach
No matter what they do
Baby that's not me
I found it in you

Ohh I found it in you

You're my journey down to solid ground
You're what I could never live without

(Chorus)

Somebody that is living off of the land
Somebody that ain't working for the man
Somebody with a bottle in their hand
That's what gets them through
Somebody in a shiny limosine
Somebody in the magazines they read
Somebody that remains out of reach
No matter what they do
Baby that's not me
I found it in you

I found it in you
Oh I found it in you

Somebody that will live off of the land
Somebody that ain't working for the man

Oh I found it in you
Ohh don't you know baby I found it n you
