I've taken love for granted
And I've come up empty handed
I'm lost and feelin' stranded
Here without you
I feel like the world is watchin'
Can't breath my heart is stoppin'
Sun melts and fades away
To another day we argue
I'll be waitin' (to touch you)
I'll be prayin' (to give you)
To give you all of my heart

I know you're out there somewhere
Tell me how to get there
Every road I take I hope
Will lead me straight to you
I know you're out there somewhere
Breathin' in the same air
I can feel you're thinkin'
That I'm out here somewhere too

My heart is feelin' so cold
It's beatin' but I'm all alone
I'm reachin' out and I can feel you gettin' closer
I've been deep but then romantic
I've been hurt and I cant stand it
I want love just like I planned it
Tell me boy where are you

(To find you) I've been searchin'
(To see you) I've been runnin'
(Don't you) don't you know I've waited so long

I know you're out there somewhere
Tell me how to get there
Every road I take I hope
Will lead me straight to you
I know you're out there somewhere
Breathin' in the same air
I can feel you're thinkin'
That I'm out here somewhere too

I wanna run to you baby ... hold you in my arms
I just wanna be with you baby ... feelin' love so strong
And when the sun goes down ... I wanna be by your side

Like a rose in the rain
like a march in the plain
I'm goin' insane waiting for you

I know you're out there somewhere
Tell me how to get there
Every road I take I hope
Will lead me straight to you
I know you're out there somewhere
Breathin' in the same air
I can feel you're thinkin'
That I'm out here somewhere too
