Some people get there kicks from high stakes  
gambling  
They love to roll the dice.

A night in Paris in 1st class traveling,  
Just gettin' on for the ride.  
But I dont need the life in the fast lane,  
Like a shot of you in my face

I get a rush from you,  
I know you feel it too  
I get a rush from you

Yea I get a rush from you

I don't know how to talk about it  
Words get in the way  
All I know is when I see you,  
I'm swept away  
I get a rush from you

I get a rush from you  
I know you feel it too  
I get a rush from you

I get a rush from you  
Rush from you Baby  
I know you feel it too

I get a rush from you
