Pray always in Jesus name; talk to Him everyday Hear what He has to say; take a moment to be still And He'll reveal His will for your life

Saints, accept His guiding hand because He's got a plan

You may not understand, but when you read His Word Best news you've ever heard; Give you peace of mind

If God's people who are called by His name Would humble themselves and seek His face And if we'd turn from our wicked ways Then He would surely heal the land

He's a wonder working God; knows all that's in your heart

Right from the very start, keeper of all men; Put your trust in Him, let your prayer begin He will hear you when you call; restore you when you fall

No request too small; no matter where you've been He's willing to forgive; you can come to Him

You should abide in Christ and let His Word abide in you

Ask what you will and know it shall be granted you Call on the Lord on one accord Where two or three touch and agree Ain't no impossibility

We ought to tell the Lord Let the Lord know how much we really need Him Humbly bow before Him to entreat Him Find out through His Word just what will please Him 'Cause ain't no telling what'll happen when we seek Him

It's just a natural thing when we call upon Jesus name Prayer should be a natural thing, Coming from the heart into His dwelling It's the only way to receive His blessings Stay on our knees and keep travailing. Visit <u>8eight</u> page on MotoLyrics.com, to get more lyrics and videos.
