When I found I'd hurt you, I was heartbroken
Lord, this is true; I didn't know how to come to you
Could it have been my pride, that darkness in my life?
I felt something way inside and I know I had to get it
right

The first thing that I'll do is make amends with you
Didn't mean to hurt you that way
The day I walked away from you
Left you standing alone, it was shivering cold
Now I want to come back home

I wanna make it better, make it up to you
Tell me where you're gonna be, I'll be there real soon
I know I've burned my bridge by all those things I did
I beg you to forgive
You're the only way for me to live

The first thing that I'll do is make amends with you
Didn't mean to hurt you that way
The day I walked away from you
Left you standing alone, it was shivering cold
Now I want to come back home

I can't even front about my history
I can't seem to understand your love for me
Tell me why you think that I (even) deserve to be
And why do you always extend yourself to me?

The first thing that I'll do is make amends with you
Didn't mean to hurt you that way
The day I walked away from you
Left you standing alone, it was shivering cold
Now I want to come back home

So heartbroken
It's a shame the way I've broken your heart, shame on
me
I couldn't blame you if you didn't love me at all
It's a shame the way I've broken your heart,
I couldn't blame you if you didn't love me at all

I am heartbroken
When I found I hurt you
Heartbroken
Just didn't know what else to do
Heartbroken
I cried, I cried, I hurt inside
Heartbroken
Can't you see that I'm trying to make it right?

It's a shame the way I've broken your heart, shame on
me
I couldn't blame you if you didn't love me at all
It's a shame the way I've broken your heart, couldn't
blame you
I couldn't blame you if you didn't love me at all

I was so heartbroken
When I found I hurt you
Heartbroken
Just didn't know what else to do
Heartbroken
I cried, I cried, I hurt inside
Heartbroken
Can't you see that I'm trying to make it up to you?
