"Shekinah Glory"

There's a mighty presence in the room right now
Descending upon the children in the building
It's coming down like the rain

Oh oh oh oh, your Shekinah glory
Oh oh oh oh, your Shekinah glory

Oh the beauty of exchange
As our hearts to you ascend
There's a sweet and gentile wind now upon us
As the cloud descends

Welcome Holy Spirit, show us your glory
Your Shekinah Glory, oh oh, your Shekinah glory

Yes the glory of the Lord is in His temple,
Let's praise him
He reveals Himself unto His holy people,
Who are called by His Name
Who will humble themselves and pray
And will seek His face always

Oh oh, your Shekinah glory
Oh oh, your Shekinah glory

Let the glory of the Lord now come from on high
Let the presence of the Lord come and abide.
