What would I ever do  
If I couldn't spend my time with you?  
My world wouldn't be the same, no  
So I'd do anything to be with you

What if I never knew  
That you love me quite way that you do? (way you do,  
way you do)  
Had you not shown me so  
I guess I would have never known, I would have never  
known

I can't fathom this complexed matter  
It's a thing beyond my understanding  
It's a rhapsody of love  
I can't fathom this complexed matter  
I guess we'll talk about it when we get together  
Cause we've got forever, ain't no rush

What if you never cared,  
Left me hanging in the middle of nowhere?  
I would just lose my mind Jesus  
I would be lost in time, delirious

So I made up in my mind  
Thought about it just about a million times  
No matter where you are, I'll find you  
I won't be too far behind you

I can't fathom this complexed matter  
It's a thing beyond my understanding  
It's just a rhapsody of love  
I can't fathom this complexed matter  
I guess we'll talk about it when we get together  
Cause we've got forever, ain't no rush

What would I ever do  
If I couldn't spend my time with you?  
My world wouldn't be the same, no

What if I never knew

(I don't know what I would do without you)
