[Intro - Trick Daddy and Cee-Lo]

Uh huh yeah

Yeah hah

Oh man I got a sweet tooth, can you dig it

After this one you gunna need a root canal

Hehe

I love sugar, oh man

This one for all the nice, clean, decent women

Lay it on me girl

Pay close attention

[Chorus - Cee-Lo]

She put that sugar, (oooh) on my tongue (oooh)

Shes gonna, (oooh) gimme gimme some (oooh)

She put it right there on my tongue (sweet sweet, lover lover)

Ohh she put it right there on my tongue (she turns me on, like no other)

[Trick Daddy]

Gimme some of your butter pecan

And put it right there, on the tip of my tongue

Hold it, right chyee, cause baby, if I bite ya I bet ya like it!

French Vanilla is a helluva flava for me with

Strawberries two cherries and whipped cream

The best dreams are the wet dreams

The rest is just a flick without a sex scene

Orderely I speak the truth

Cause the blacker the berry, the sweeter the juice

Cuz Florida oranges and Georgia peaches

When they nice and ripe they the best for eatin

All southern boys be cravin for pores

an old slice of pie after they main course

What they game for, I came for

I gotta thang for you that I came for

[Chorus 2x]

[Ludacris]

She put that sugar on my tongue tongue

Yippie yippie yum yum  
Goodie goodie gum drop, put me in a tongue lock  
did it til my body went numb numb  
laid her on her back back  
turn around gave her bottom a smack smack  
shes the woman from the block with the best of weave  
but I wont stop til im pullin out tracks tracks  
it was lust at first sight  
and she couldn't help sayin that she wanted to get with  
me  
and my size was just right  
plus she wanted a man with a little security  
said I been around the world twice  
and my name ring bells from Atlanta to sicily  
cause she wanted it all night  
put the bubbles in the tub and ludacris and me

[Chorus 2x]

[Lil' Kim]  
He lickin his lips like im somethin sweet  
Lookin at me like im somethin to eat  
I got pimps given me they money  
Just to taste my jar of honey  
Cotton candy sweet as gold  
Come & lick my tootsie roll  
My sugar baby once u ready  
I give ya high blood pressure like a diabetic  
How about a lil kim witcha coffee  
I jus cant keep these boys off me  
Pink diamonds dudes love to frost me  
Runnin behind me like im mista softy
