In my heart sent  
My confession  
My condolence  
You're indefinite  
You're incompetent  
Inconsiderate  
You're so childish  
I will push you  
Out of what is real  
Out of my head  
You can stick and drown  
At your residence of  
Disappointments  
Are of yours to come  
So embrace them  
Oh my shallow one today.

If I could change anything  
Then I would change  
Everything.  
These bitter days  
Shall remain.

I don't ask for your forgiveness  
I don't care much  
For your actress  
That's just you though  
Shallow and selfish  
So I go now  
Oh my hollow one today.

If I could change anything  
Then I would change  
Everything.  
These bitter days  
Shall remain.

You carry your blues behind your eyes  
Don't flatter yourself, I will survive.  
So carry your blues, your own denial  
Your feathers are gone

You'll never fly.  
If I could change anything  
Then I would wipe the years away,  
If I could change anything.  
Then I would cross the time away.

If I could change anything  
Then I would change  
Everything.  
These bitter days  
Shall remain.

Since you're gone  
I'm much better  
Than you.

You carry your blues behind your eyes  
Don't flatter yourself, I will survive.  
So carry your blues, your own denial,  
Your feathers are gone  
You'll never fly

She'll never fly.
