I drive in the rain,
With the window open.
But it's not the same,
When everything has changed.
But while your still near,
I'll try anything.
And I'll say all the things that you said you wanted to
hear...

But the words inside my head,
Are better left unsaid,
To lie like the ghosts beneath my bed...

Don't you know that I go crazy!
But I've nothing left to give,
Though I'll miss you for a while.
Don't you know that I go crazy!
But you're on your own tonight.
Though you know I'll miss your smile...

You can't take back,
Half of what you give.
And you won't remember,
Half the life you've lived.
But while you're still here,
I'll do anything,
And I'll say all the things that you said you needed to
hear...

Don't you know that I go crazy!
But I've nothing left to give.
Though I'll miss you for a while.
Don't you know that I go crazy!
But you're on your own tonight.
Though you know I'll miss your smile...

The words inside my head,
Are better than the words I've said.
As always...

Don't you know that I go crazy!

But I've nothing left to give,
Though I'll miss you for a while.
Don't you know that I go crazy!
But you're on your own tonight.
Though you know I'll miss your smile...
Don't you know that I go crazy!...
Though you know I'll miss your smile...
