I wont let you down
If im not around
And you will be free
And i will be myself

I wont fill your eyes with tears
Lose all my fears
But who would i be
And would you recognize me
Tell me who would you see
When you said

That i would be yours
And you would be mine
Everything else would work out just fine
If you could hold on
We could be everything
We could be everything

Can't make up my mind
Believe me i've tried
But i can't hold on
doo doot doo

I wont fill your eyes with tears
I'll lose all my fears
But who would i be
And would you recognize me
Tell me
Who would you see
Yeah
When you say

That i would be yours
And you would be mine
And everything else would work out just fine
If you could hold on
We could be everything
Yeah we could be everything

I know that there's nothing in this world that you've

known
That i've shown
That could hurt you this way
And i wish i had no part in this play
That we have wound up this way
For i'd say

That i would be yours
And you would be mine
And everything else would work out just fine
If we could hold on
We could be everything
Yeah we could be everything
We could be everything
