(K. Edwards/V. Will)
Welcome to the world of lies
Of myths and exaggerations
Where Jon Tesh is cool
And comics suck
Where the populations
Zero
Fake World
(fake world?)
Na na na na
Fake World
(fake world?)
Na na na na
You will definitely dig it if you are a racist bigot
(deep male voice)
I've come to this world
To sell my goods and grain
But everything in this world
Is driving my insane!
Fake world
(fake world?)
(high female voice)
I came to this world
So that I may have a home
So I could meet new people
But now I'm all alone!
Fake World
(fake world?)
Fake World
(fake world?)
Na na na na
Fake World
(fake world?)
Na na na na
You will definitely dig it if you are a racist bigot
Fake world!
Na na na NA!
