(K. Edwards/M. Pagan)  
I speak to you mother  
I ask for your hand  
I pray for your spirit to guide me  
In this circle  
I feel your warmth  
And I see your glow  
In the moon  
Juniper bushes  
Burning tonight  
Invoking your brushes  
Of warm summer nights  
Juniper bushes  
The heart of the fair  
Calming the winds  
Which carry the sounds of my lyre  
Mother I'm calling you  
Out from the seas  
Out from the stars  
To guide and protect me  
Mother I'm calling you  
Out from the seas  
Out from the stars  
So mote it be
