There was a time when I did not think I knew you  
I never thought we'd be together  
I thought that all my time was wasted on you  
I thought that you were gone forever  
But now those times are gone and I don't know what to think  
And it seems again I found you  
And now when I think of you it makes me want to drive  
to your house  
Just to put my arms around you

Oh yeah  
Now you're here with me and that's exactly  
Where I want you to be  
I can't tell you  
What it means to me  
You're a dream to me and I don't wanna wake up

There were times when I would call you on the phone  
I'd get angry and I'd blow up  
And there were times when you would make me feel so  
badly  
Telling me I need to grow up  
But now those times are gone and I don't know what to think  
I found what I was searching for  
And when I wake up now I'm happy to get out of my bed  
I'm not empty anymore

Oh yeah  
Now you're here with me and that's exactly  
Where I want you to be  
I can't tell you  
What it means to me  
You're a dream to me and I don't wanna wake up

There were times when I just felt like I could not  
breathe  
There were times when I was so sad  
There were times when I felt like I couldn't go on  
From missing you oh so bad

But now those times are gone and I don't know what to  
think  
So I'll write a song about you  
It's like a dream to me I never thought I'd be able to say  
I don't have to be without you

Oh yeah  
Now you're here with me and that's exactly  
Where I want you to be  
I can't tell you  
What it means to me  
You're a dream to me and I don't wanna wake up
