If you leave,  
Where will you go?  
Before the regret you hold in your heart,  
Will start to show

If you leave,  
How will you know?  
If our ever after ever had a chance to grow.  
Do you dream or do you sleep?  
Do you pick and choose amongst the jewels for one to  
keep  
Do you wish upon a star?  
Or does everything just out of reach seem just too far  
away

Nothin seems to change  
Let alone you won't forget my name  
Just don't lose what you know  
Just don't lose what you know  
When you're so far away

So deep you say  
And no matter where you go  
It all ends up the same  
Do you wish upon a star  
Or does everything just out of reach seem just too far  
away

Nothin seems to change  
Let alone you won't forget my name  
Just don't lose what you know  
Just don't lose what you know  
When you're so far away

What you lose is what you know  
Where you go is where you grow  
How near we've come is yet to show  
we've come so close yet so far away  
So far away

What did I do to you?

What did I do to you?  
What did I do to you?  
What did I do to you?

Nothin seems to change  
Let alone you won't forget my name  
Just don't lose what you know  
Just don't lose what you know  
When I'm so far away.

What did I do to you?  
So far away  
What did I do to you?  
So far away  
What did I do to you?  
So far away  
What did I do to you?  
So far away  
What did I do to you?  
So far away
