You wanna bring me down  
So i always end up feeling like a clown  
Look around  
You go out with other guys  
And if i said i wasnt bothered well that would be a lie  
And thats the reason why

I've got it all over you  
And i cant keep pretending that what you're saying isnt true  
And i said i, i've got it all over you  
And i cant go on acting like what im feeling isnt true  
About you

It's starting to take shape  
Theres so many other girls so im planning my escape  
But i've got tapes  
And i've got cd's  
Got my ever-present chemical dependencies  
And i'm on my knees

Because I've got it all over you  
And i cant keep pretending that what you're saying isnt true  
And i said i, i've got it all over you  
And i cant go on acting like what im feeling isnt true  
About you

I've got it bad for you  
But i can't be exactly who you want me to  
Then when i look at you  
I find some meaning  
And i know it's true and i said i

I've got it all over you  
And i cant keep pretending that what you're saying isnt true  
And i said i, i've got it all over you  
And i cant go on acting like what im feeling isnt true  
About you
