[Hook: U-God (MC Eiht)]

I'm a bonified g, g, g, g, g, g (Chea, chea, chea, chea)

I'm a bonified g, g, g, g, g (Chea, chea, chea, chea,
come on)

I'm a bonified g, g, g, g (Where ya at? East coast, west
coast)

Vicious, vicious, viciously (come on!)

[Chorus: U-God]

Get down, get down, brah', I'm in your town, brah'

That's how we do it, I'm a stone cold rider

And now, I bust a round off, I'm a survivor

This is how we do it, for you snake ass conivers around

[Boo Kapone]

For you conivers, bust a round

Look around, lay ass down with the fo' pound

Shady spots for eighty blocks

I keep a bitch eyes closed like Jamie Foxx

Off the chain, niggaz saw I'm off the chain

Nigga, stay in ya lane, so I'm off your face

It don't stop, I'm on the block

Lickin' shots, with the twelve gauge

Hit a nigga up, have you rapping for the front page

[Chorus]

[Squeak Ru]

When them 24's park, them big dogs bark

You don't wanna get down when them big dogs start

Moving through the crowd, making glocks get loud

Lettin' suckers know we'll take yo town

Flip a little ass, stack a little cash

Quick on the smash, I'm always on the smash

What these niggaz gon' do with the Wu and the Ru

Them Timbs and them chucks, gon' put it on them
dudes

[Chorus]

[U-God]

I'm down for the get down, earnin' my stripes
Hillside, real guys, burn burners for life
Put slugs through yo vest, or blood on my knife
Yo I'm up in here, where it at? Throw the dice
The chrome device, still layin' on my hip
Lettin' my nuts swing, we bang for the strip
I'm up in this bitch, I bounce around the west coast
Hollerin' at hoes, lookin' for the best smoke

[Chorus]

[MC Eiht]

I'm a gangsta-gangsta brah', straight up menace
And I don't stop shootin' til the clip is finished
Ya'll ain't heard about me, still a boy in the hood
AK in the trunk, brah', it's all good
One time try to gaffle, the work, no hassle
C.P.T., kingpin of the castle
It's Compton, you see the bulge in the waist
T-shirt go up, y'all about face, chea

[Chorus]
