I'll see you forever

Every time you look my way
I just have to get up and say
I love you, I love you

Forever and ever and ever

I can't know why you have left me
Standing all alone, hey

Every time you look my way
I just have to get up and say
I love you, I love you

Every time you look my way
I just have to get up and say
I love you, I love you

I'll be waiting

Every time you look my way
I just have to get up and say
I love you, I love you

Forever and ever and ever
