Set down meant decide
Sounded out till you dye(ie)
Alchemy, alchemical
Yr sorting out
Future go(a)l(d)

I've been putting this off
For a long time
Did it ever cross your're mind
That you may be going too far?

I drink to remember
Why all this blood it is on my teeth

I drink to forget
What I am about to do

Does it ever cross your mind
That you may be going too far?

You are making me do this..

Hand to me
I had a sight
Yr hanging on a satellite
Sat nine round the gaul
Settled down
Figured out
