I knew it from the start  
You would break my heart  
But still I had to play this painful part  
You wrapped me 'round your little bitty finger  
With your magic smile

You kept me hangin' on your lovers cross awhile  
You put a spell on me  
You took my breath away  
But there was nothing I could do  
To make you stay  
I'm gonna miss you

All the love I feel for you  
Nothing could make me change  
My point of view  
Oh girl, I'm gonna miss ya baby

chorus: Given all the love I feel for you  
Couldn't make you change your point of view  
You're leaving  
Now I'm sitting here wasting my time  
I just don't know what I should do

It's a tragedy for me to see  
The dream is over  
And I never will forget the day we met  
Girl I'm gonna miss you

Like a honeybee, you took the best of me  
Now I can't erase those memories  
Like a fairytale, you were so unreal  
You left a scar that's so hard to heal

When you had a taste of paradise  
The cold earth can feel as cold as ice  
I'm gonna miss you  
I'm gonna miss you  
I miss you
