I said them hundreds gonn' spend, them money gonn'
spend
The 50's gonn' spend, all I do is spend
Spendin and spendin and spendin and spendin and
spend
Bitch I get it in, all I do is spend
... them I spend, bitch I ball I spend
All I do is spend, bitch I get it in
Spendin and spendin and spendin and spendin and
spend
Spendin and spendin and spendin and spendin and
spend

Bitch look at my car, bitch look at my life
Bitch look at my ...
No need me to ... all I do is sway
Throw it in the bag, more for the price
Yeah, ...
The shit you call it check, I blow it in one night
I still get it in, with a pack of meat
And I blew it all, and do it again
On my set of trim fuck you and all your friends
On to the next and do this shit again
On my set of trim fuck you and all your friends
On to the next and do this shit again

I said them hundreds gonn' spend, them money gonn'
spend
The 50's gonn' spend, all I do is spend
Spendin and spendin and spendin and spendin and
spend
Bitch I get it in, all I do is spend
... them I spend, bitch I ball I spend
All I do is spend, bitch I get it in
Spendin and spendin and spendin and spendin and
spend
Spendin and spendin and spendin and spendin and
spend

Y'all know I kick it kick it, y'all know how I move
... holes by 2, like turned on skylight view

My chain ... my pinky cause ...
My wrist is by the air, my ear rings are the truth
Getting money so long, my money getting rich
Been head hoe my bitch got a benz
And it's ..chasing hoes, man ... they sleep
But I'ma spend this money cause I ain't scared to trip
On my set of trim fuck you and all your friends
On to the next and do this shit again
On my set of trim fuck you and all your friends
On to the next and do this shit again

I said them hundreds gonn' spend, them money gonn'
spend
The 50's gonn' spend, all I do is spend
Spendin and spendin and spendin and spendin and
spend
Bitch I get it in, all I do is spend
... them I spend, bitch I ball I spend
All I do is spend, bitch I get it in
Spendin and spendin and spendin and spendin and
spend
Spendin and spendin and spendin and spendin and
spend

This is for my dawgs, locked behind the walls
All I do is ... I do this shit for ...
... all my niggers stray
On my set of trim fuck you and all your friends
On to the next and do this shit again
On my set of trim fuck you and all your friends
On to the next and do this shit again

I said them hundreds gonn' spend, them money gonn'
spend
The 50's gonn' spend, all I do is spend
Spendin and spendin and spendin and spendin and
spend
Bitch I get it in, all I do is spend
... them I spend, bitch I ball I spend
All I do is spend, bitch I get it in
Spendin and spendin and spendin and spendin and
spend
Spendin and spendin and spendin and spendin and
spend.
