It's tightwork when I'm rolling in my Cadillac  
Getting some slow head  
Sippin' on Koniac

It's tightwork when you rolling from Duval and Dade  
With a pocket full of bread on a escapade

It's tightwork when you leaning in ya Coupe Deville  
Twenty, twen, twen with the wood grain steering wheel

It's tightwork when we put that in yo life  
And then we turn around and put something in yo

It's tightwork when you holla out we ready  
Laid back smoked out off in the Chevy

It's tightwork when you left right left step

Forward march, Tight 2 Def

It's tightwork, when ya boy pushing dat weight  
You drove wit bout 4 and bring back 8

It's tightwork when ya ride for ya jigga  
Die for ya jigga, you know we stay tight for our jigga's

When she drop dat big booty on down to the flo'

It's tightwork when you got a pair of gators on  
Step off in the club and you got dem broad's head

Shot callin', playa just ballin'

Now damn, y'all tightwork when y'all ball

It's tightwork when you ballin' with a chicken head  
Who a red dirty foot and she ain't even scared  
Take her to the spread  
Lay her on the bed  
Wild out with her  
And tightwork in her

It's tightwork, when dem boys on dat hemp  
Then bust off in da club with a gangsta limp  
If you a pimp and you got yo pockets swoll up  
So many hundreds that it won't fold up
