Late at night silence is everywhere
Visions of you in my head
I think of the times that we were meant to share
Lying alone in my bed
I never listened baby
I never took the time
I'm left with memories of when you were mine

I don't wanna be alone anymore
I want love the way it was before
And I'll do anything to make you see
You're the love of my life
You're the only thing that matters to me

Say it's a lie
Tell me that it is untrue
It's something that I just don't understand
All my life I've waited for someone like you
But I let you slip through my hands
What was I thinking baby
I must have lost my way
Now I'm just longing for yesterday

I don't wanna be alone anymore
I want love the way it was before
And I'll do anything to make you see
You're the love of my life
You're the only thing that matters to me

I don't wanna spend my whole life dreaming
When here in my arms is where you should be

I don't wanna be alone anymore
I want love the way it was before
And I'll do anything to make you see
You're the love of my life
You're the only thing that matters to me

You're the only thing that matters to me
To Me
