I thought
well I thought this place would clean up your act and
bring you back
But I caught the motion, when you plunged the ocean
of addiction

We fall, and when we fall
don't say I was the one who pushed you
This town is a mess and it's taken the best of you

I thought
well I thought that this kind of talk would wipe the spark
from your eyes
But I know it's time to see but you refuse to see
It's eating away and everyday you slip a little closer to
heaven
But I think it's safe to say that you will pay when
you realize what you've been missing

We fall, and when we fall
don't say I was the one who pushed you
This house is a mess and it's taken the best of you

Oh, I'm a pin away from excess deasease
And I'm never coming down again
I should have listened when you said

We fall, and when we fall
don't say I was the one who pushed you
This crowd is a mess and it's taken the best of you
