-Girl

Waking up with you makes me feel alive.(oh)  
And every kiss you give still takes me by surprise  
So I thought that I would tell the world today  
My life has changed so ill say

-Chorus

You are not a stranger. You're not just friend  
You are not just lover who is sleeping in my bed  
You are what I came for, always thinking of  
you are everything I wanted and love

-Boy

You wash me with you eyes  
You give me all your time  
Someone I cant forget and I always dreamed Id find  
So I thought id tell the world today  
All because of you ill never be the same

Chorus Repeats

-Girls

So many times I told you so  
I guess I wanted you to know.
