You think you know someone until they let you down.
With a lame excuse and a quick goodbye then they
don't
come back around.
I never thought cold and heartless would look like you.
But the way that it is is the way that it is
and as bad as I want you too I don't think you do

[Chorus:]

In case you were wonderin' I'm doin' fine.
In case you were wonderin' I'm doin' okay.
This ain't nothin' that a half a glass of red
wine can't wash away. It's just a little bit of pain.
In case you were wonderin'. In case you were
wonderin'.

There's a full moon out tonight thought I saw your
face,
and the way the stars fallin' started spellin' out your
name.
Do you ever have trouble sleepin' and wake up from a
bad dream.
And the way of a cold and lonely midnight brings you
to your knees after all you've done to me.

[Chorus:]

In case you were wonderin' I'm doin' fine.
In case you were wonderin' I'm doin' okay.
This ain't nothin' that a half a glass of red
wine can't wash away. It's just a little bit of pain.
In case you were wonderin'. In case you were
wonderin'.

I've tried but it's no use,
I can't move on thinkin' that you never do.
In case you were wonderin'.

[Chorus:]

In case you were wonderin' I'm doin' fine.
In case you were wonderin' I'm doin' okay.
This ain't nothin' that a half a glass of red

wine can't wash away. It's just a little bit of pain.
In case you were wonderin'. In case you were
wonderin'.
