Fifi said to Don the baker

"Can ya show me how to bake another bun, Don?"

And I'm still sittin' with my next door neighbour

Sayin', "Where'd ya get the gun, John?"

Don't ya wanna rain dance with me?

Don't ya wanna rain dance with me?

Don't ya wanna rain dance with me?

Don't ya wanna rain dance with me?

Christopher was asking the astronomer

"Can your telescope tell me where the sun's gone?"

And I'm still sittin' with my next door neighbour

Sayin', "Where'd ya get the gun, John?"

Changin' just a few things

Laughin' while the bell rings on the door

Changin' just a few things

Shootin' when the bird sings
