The lone wolves howl  
On Moonlight Bay  
Dark moon is out  
When friends fall out  
When friends fall out  
Birds aren't alone  
You've past all doubts  
Their world has grown  
When friends fall out  
When friends fall out  
A journey is plastic for  
Someone who's walking on air  
He falls throught elastic and  
There is no net waiting there  
And it's so nice to be home again  
So nice to be home again  
Where I belong  
No night, no day  
No in, no out  
No work, no play  
When friends fall out

When friends fall out (listen to me talkin')

When friends fall out (Baby, you got nothin')

When friends fall out

And it's so nice to be home again

So nice to be ome again

Where I belong
