I'm thinking back to all the good times we shared
Through and through no closer two
I always looked up to you
I don't know how or when everything could have gone
so wrong
That you could feel so sad You couldn't carry on

I can't believe this is true
I always loved and adored you
What happened where was I
How could I let you die
I know I could have saved you

I can't believe it actually could come to this
For once in your life couldn't you have missed

And though I know there was nothing I could have done
Deep inside I still feel I let you down

Best friend I ever had
This ending isn't right
When I spoke to your dad
He told me that those were the best days of your life

I would give anything for a chance to rewind
Roll back the hands of time to save a friend of mine
Deep inside I regret I never will forget
