it's in all the shows  
stuffing white shit all up our nose  
will we ever learn from our tragic past?  
we've become what we all hate  
rockstar in coats inebriate  
bright lights of the future are fading fast.

submerged in a movement i no longer comprehend  
trapped in a scene, that i no longer understand  
trapped in a cause i'm sinking in quick-sand  
trapped under lines, can someone please give me a  
hand?

it's the same old song and dance!

will the kids ever see the truth?  
the old-goth kids they follow you.  
when will they have the strength to knock-us down?

"we pretend we are like you  
but we haven't got a fuckin' clue"  
we'll laugh as we watch it burn to the ground

submerged in a movement i no longer comprehend  
trapped in a scene, that i no longer understand  
trapped in a cause i'm sinking in quick-sand  
trapped under lines, can someone please give me a  
hand?

there was a time when there was made love not war.  
but now it's just about making money..  
and then making more.

i remember when those five bands  
had five dollars at the door  
but now all they care about is making money..  
and then making more!

punks not dead it's alive and well  
it's in the malls you can buy it retail  
fuck the scene let's put it to bed  
kill the cause because it's already dead

it's the same old song and dance!  
it's the same old song and dance!  
it's the same old song and dance!  
it's the same old song and dance!  
it's the same old song and dance!  
tired of punk rock giants  
tired of punk rock giants  
tired of punk rock giants  
tired of punk rock giants
