White power synonym for coward  
Hope you enjoyed your stay  
This is your final hour  
Terminated lease  
Cut off like deadweight  
Good bye and good riddance to you  
And to all of your hate

Hate crime the product of weak minds  
Undernourished thought its ignorance defined  
Sheep in wolves clothing  
Bred from self loathing  
You only hate them because you hate yourself

Your crippled followings a tattered hand me down  
I'll try not to crack a smile as you send in the clowns  
You can reminisce about the days when you felt proud  
But don't look now cause your white worlds turning  
brown (Burning Down)

See through never will I be you

Barking at a world that doesn't even see you  
Fading from our sights  
Like a failing religion  
Preaching to empty pews  
We'll never listen

You hate Yourself and blame everyone else

That void you're hearing now is the sound of silence  
As the muzzle mutes you and your shameless  
nonsense  
It was not nice meeting you and the pleasure wasn't  
mine  
Hope I never see you sometime

Goodnight white pride of lions  
Your kind is quickly dying  
On the verge of your extinction  
Funeral with no distinction  
Goodnight white pride of lions

Your kind is quickly dying  
We hope you enjoyed your stay  
We can not tolerate your hate
