I heard u knocking at my front door  
I know what you wanted to say  
I found the letter you left lying there  
I threw it away  
What do youu take me for?  
Some kind of stupid fool  
I never asked for much I only wanted you  
now I just wanna say baby  
if this is goodbye  
well its your turn to cry

Next time things will be different baby  
Next time everything is gonna change  
Next time... won't be so easy  
I swear to god there will never be a next time

I'm not the person i was yesterday  
when I wanted you near...  
guess a part of me has gone away  
I was seeing so clear

what do you want from me  
do you take me for a fool  
to wanna live a lie  
only want the truth

now I just wanna say baby  
if thats the way you treat a friend  
then this is the end

next time things will be different baby  
next time everything is gonna change  
next time... won't be so easy  
I swear to god there will never be a next time...

I finally figured it out  
what you're all about  
and I think its a crime  
I was wasting my time  
yeh yeh yeh yeh

what do you take me for  
some kind of stupid fool  
there aint no inbetween  
its only win or lose  
and I just wanna say baby  
i'm gonna find somebody new  
and it aint you

next time things are gonna be different baby  
next time everything is gonna change  
next time... won't be so easy

I swear to god there will never be a next time
