I spend my time these days just thinking of the past  
I spend my time just wondering why it never lasted  
I count the days til I can see you once again  
If nothing else you were always my best friend  
But I miss you now my friend  
I long to kiss your smile again

Will you run, runaway with me  
And leave your world behind  
Will you come, come and stay with me  
Just you and me until the end of time

Unlucky in love, well at least that's what they say  
But it's been so bad, sometimes I need to, need to  
runaway  
I wanna ask you, will you run, runaway with me  
I'll look after you, oh baby, baby can't you see

Will you run, runaway with me  
And leave your world behind  
Will you come, come and stay with me  
Just you and me until the end of time

But I miss you now my friend  
I long to kiss your smile again

Will you run, runaway with me  
And leave your world behind  
Will you come, come and stay with me  
Just you and me until the end of time
