"Live And Let Die"

When you were young and your heart was an open
book
You used to say life and let life (You know you did, you
know you did you know you did)
But in this ever changing world in which we live in
makes you give in and cry

Say live and let die
live and let die
live and let die
live and let die

What does it matter to ya
when you got a job to do
you gotta do it well
you gotta give the other fellow hell

When you were young and your heart was an open
book
You used to say life and let life
(You know you did, you know you did you know you did)
But in this ever changing world in which we live in
makes you give in and cry
