Verse 1:

i give love the best I can

But you don't seem to understand

It's not always deep but it's always true

And he does not belong to you

Hey

Bridge:

I do not forgive and I do not forget

I will fight for love

Until the death

Chorus:

Jezebel save your charms

He'll be back here in my arms

Oh how quickly you forget

He's not yours yet

He is not yours, not yet

Verse 2:

Gonna throw on this cotton dress

Put lilac scent on the back of my neck

I walk barefoot down that mountainside

Straight to your door

Girl you can't hide

Cause

Bridge

Chorus

Standing out in the pouring rain

Calling out my lover's name

I know he won't leave me in the cold

Send my baby home

Send my baby home

Jezebel save your charms

He'll be back here in my arms

Oh how quickly you forget

He's not yours yet (not yours yet)

He's not yours yet (not yours yet)

Oh he is not yours â€

Never
