Shut up and drive,
You don't know what you're talkin about
He's not the one
You oughtta know that by now
You've got one of those hearts
Thats keeps changin your mind
Your heart has a way of making you stay
So shut up and drive.
Don't look in the mirror
He might have look in his eyes
The one thats so strong
It strangles your will to survive
He's mastered the art of lookin sincere
His eyes have a way
Of making you stay don't look in the mirror
I'm the voice you never listen to
And I had to break your heart to make you see
That he's the one who will be missin you
And you'll only miss the man that you wanted him to be
Turn the radio on
To drown out the sound of goodbye

Blink back the tears
Show me you still got your pride
Just get yourself lost
In a sad country song
Those guys who think they know just what to say
Turn the radio on
I'm the voice you never listen to
And I had to break your heart to make you see
That he's the one who will be missin you
And you'll only miss the man that you wanted him to be
Shut up and drive
Don't look in the mirror
Turn the radio on
Get outta here
Shut up and drive...
Shut up and drive...
Shut up and drive
