There's this one girl she's on my mind.
I can't get her off until she's mine.

I go to school everyday, it sucks but I do it anyway.
Everything's worth the time I take.
I don't know what she'll think of me.

She'd never go through the trouble of making the first
move.
Now it's all up to me and,
tell me now, tell me what should I do? (I don't know).

She makes me so high I can touch the sky
she lifts me up off my feet.
And when she does that thing with her amazing thighs
she lifts me up off my feet.

What's this she's coming to me
I'm kinda nervous cause she asked me out to eat.
I'm so excited, it's a natural high.
She added some colors to my life.

She went through the trouble.
She made her very first move.
Now what should I say to her?
Say yes now, c'mon get a clue! (Duh).

She makes me so high I can touch the sky
she lifts me up off my feet.
And when she does that thing with her amazing thighs
she lifts me up off my feet.

Smokin' shootin' snortin' suckin' (that don't get me
high)
Smokin' shootin' snortin' suckin' (that don't get me
high)
Smokin' shootin' snortin' suckin' (that don't get me
high)
Smokin' shootin' snortin' suckin' (that can't get me
high)

She makes me so high I can touch the sky
she lifts me up off my feet.
And when she does that thing with her amazing thighs
she lifts me up off my feet.

And now she's mine
