One time you drove me nuts, so I drove you home.
I can't believe you can't confront me with all your
problems.
I'm here to listen, yea, that's what I'm here for.
You drag this on too long, I can't take this anymore.
I can't take this anymore.

But this one time, everything was right.
Remember when you would say,
"sometimes things just go wrong?"
But then we'd try to fix this.
Now it seems as if you don't even give a shit.

There are things in life that don't make sense.
For instance, women.
They don't make sense.
There's a secret a Jedi Master told me.
I should listen, what's wrong with me?

But this one time, everything was right.
Remember when you would say,
"sometimes things just go wrong?"
But then we'd try to fix this.
Now it seems as if you don't even give a shit.

PHONE CALL:

"You know what really pisses me off?"

"What, dude?"

"When you have plans with a girl some night, you go
over to pick them up and everything's fine, you know,
you're going to be all romantic and everything. You
come to the door and they're like looking beautiful. It's
like BAM! And then the first thing they ask you is 'Do my
pants look okay?'"

"Oh, I know."

"It's like, 'Ya, it's fine, wear that.' 'No, I think I should go
change.'"

"It makes me so mad."

"Yea."

"It's like, 'hey, if I think you look good, why do ya gotta
go look good for everybody else?'"

"Exactly. So it's one of those things where they run upstairs and take twenty minutes to change their whole wardrobe. By then you just get all mad and it's like, all I want to do is go out and have some fun."

"No kidding, man."

I'm sorry for the things I didn't say that made you runaway.

I'm sorry for the, I'm sorry for the times I passed up that we could have talked.

That's just my luck.

But this one time, everything was right
