Deliberate intentions ger written on walls Get your cheap free advice on radio calls I wanna wear clothes that I care about The shirts that I shoose Let's give them something to talk about In their daily news

Oh shot it down Cos im me to be what I shoose I wanna be free to whisper the news

I don't want to know about standardisations I don't really care about corporations

There must be some explanation for What we have lost But I stand for what I care about Whatever the cost

Oh shut..

You've got to pick yourself up Don't let yourself down, crash It's only money you see Make those heads turn around Writings on bricks reflects a colourful note While someone is telling us how we should vote Forget

Oh shut it down
