[Grap Luva]

Yeah, 7th letter, alongside The Nextmen

"Just think" "Thinkin' how can we exist through the facts"

Yeah, this is the thinking man's session

"Just think" "Thinkin' how can we exist through the facts"

7 Heads, scenario, yo

I coincide with the rhythm causing y'all to listen  
To real rap lessons, up in this Nextmen session  
Transatlantic crews a part of the plan  
Giving rule agreed by 7 Heads and one man  
Now collecting grands, by supply and demand  
Lessen dub plates, ripping shows in foreign lands  
Pure potency, the way the people know it's me  
Great rhyme attributes, positive emcee  
Check out my melody, I'm the wigger's worst enemy  
But I stick to my regiment, cause I'm heaven-sent  
What I represent, should be beats and write rhymes  
In these times like the sun, yo, I rise and shine  
Prepare for combat with rediculous raps  
Perhaps these cats don't understand I'm still the fan  
So if the shit's hot, my support you've got  
But if not, bring it back to the lab and don't stop  
The session

(Chorus)

I don't write rhymes, I scribe the words of life  
Use the truth like a knife when combating the strife  
Learning lessons is therapeutic like counting blessings  
A true confession, this is the thinking man's session  
"Just think" "Thinking how can we exist through the facts"  
Yeah, this is the thinking man's session  
"Just think" "Thinking how can we exist through the facts"

Round two, yo, check it

I give thanks to the most high for giving me eyes  
To recognize the truth from lies cause in a world of

demise  
I shed light and supply mental ammo  
Simply cause I figured out your plan, so  
Now ya know, here's one young blood that ain't  
snoozing  
Nothing's amusing when it's a war that we're losing  
Sides are chosen, their minds are unfrozen  
Prepare for combat with the spook who sat  
Very close to the door, watching cats deplore  
Weak flows that they possess sound like folklore  
Leaving these people bored, and we won't have that  
Leave it strong like tree roots, and stay in cahoots  
With those keeping the vibe right, cause we just might  
Elevate the mind state, eliminate all trife  
Situations, destruction to the false ones  
They left the job undone, now it's time for some  
Brothers who are true to what they do to come through  
Bringing in original tracks and real raps  
Snapping the backs of the fraudulent and in fact  
Those loving wicked actions shouldn't look for  
protection  
Disrupt the session, wouldn't consider it clever  
Me fearing you for words, I say never  
It's much more serious than that  
I bust those real rhymes, nevermind them dime-store  
raps  
Up in the session

(Chorus)

Cut it up  
"Thinking all complex" "Let me tell you what it's all  
about"  
"Thinking all complex" "Maybe you better work it out"  
"Do it again"  
"Thinking all complex" "Let me tell you what it's all  
about"  
"Thinking all complex" "Maybe you better work it out"  
"Because I'm kickin' it"

Unh, Nextmen (Nextmen) on the scratch  
Grap Luva on the ill dispatch  
Big up to my man Wes, 7 Heads, Big Ed  
Scenario, know what I'm saying  
from New York to London this how we layin' it down  
Pete Rock, you know you foundation  
Heavy D, you know you foundation  
To all my family, you know you foundation  
All my bredren, we foundation  
Strictly thinking yo  
Use ya head
