How come trust is hard for me  
I thought we just wanted love  
Why do people intentionally hurt me?  
Why I hurt you when you give me love?  
I never wanna let go when we hug  
where's my cideration when you show yours  
I am just to worried I'll never let you go

And I wanna know how it's gonna turn out now  
I wanna know how it's gonna end  
2X

living far away is so hard for us  
I can't stop thinking about you

when we are together we have so much fun  
and you laugh at me when I mash my pants

And I wanna know how it's gonna turn out now  
I wanna know how it's gonna end  
2X

And I wanna be with you  
I wanna be with you  
I wanna be with you  
And I wanna be with you!

And I wanna know how it's gonna turn out now  
I wanna know how it's gonna end  
2X
