I don't know why
you have to be right when i'm with you all the time
you left me standing here
you left me all alone
begin to wonder what i've done wrong

I don't know why
you have to be right when i'm with you all the time
you left me standing here
you left me all alone
begin to wonder what i've done wrong

then i think back to when we first met
on a wednesday
how can i forget
remember all the times that we shared
all the things we said

it was like we cared

please forget about last night
and the stupid fight
i said you were a dog
that you're kinda gross
then you punched me in the nose
then you shouted
your a slob
why dont you get job
i said i'm trying
you slapped me in the face
you broght out the can
sprayed me with the mace

then i think bak to when we first met
on a wednesday how could i forget
i think of all the times that we shared
it was like we cared
