It's Going Down (Radio Edit)

Watch them flee

Hip-Hop hits

And you do it like this

hey

hey

hey

(Its goin down)

Its goin down

(Its goin down)

Its goin down

(Its goin down)

Its goin down

(It's goin down)

Its going down

The rhythm projects round the next sound

Reflects the complex hybrid dialect now

Detect the mesh of many elements compressed down

The melting pot of a super-futuresque style

The combination of a vocal caress

With lungs that gasp for breath

From emotional stress

With special effects

And a distorted collage

Carefully lodged between beats of a rhythmic barrage

Its going down

The logical progression on the timeline

The separation narrowed down to a fine line

To blur the edges so they blend together properly

Take you on an audible odyssey

Now

Its going down

A logical progression on the timeline

The separation narrowed down to a fine line

To blur the edges so they blend together properly

Take u on a an audible odyssey
Now
Its going down

Put it out for the world to see
Lp and X-men to the Tenth Degree
(its going down)
Nobody in the world is safe
When we melt down the wax in your record crate
(its going down)

Put it out for the world to see
Lp and X-men to the Tenth Degree
(its going down)
Nobody in the world is safe
When we melt down the wax in your record crate
(it's goin' down)

Put it on
Said it goes like this
And you do it like this

Its going down

Once again it is
Composed sentences all together venomous
The four elements of natural force
Projected daily through the sound of the source
Everybody on board as we blend
The sword with the pen
The mightiest of weapons
Swinging right from the chin
To elevate mental states
Long gone with the wind
To defend men from shoddy imitation pretends
Its going down
Style assilmilation
Readily
Trekkin' through the weaponry
Of a pure pedigree
Cleverly seeing through whatever is ahead of me
Whatever the weather be
We advance it steadily
Its going down sub-terrestrial hot
A rhyme regiment thats calling the shots
Execution of collaborative plots
Ready to bring the separation of style to a stop

Its going down
A logical progression on the timeline
The separation narrowed down to a fine line

To blur the edges so they blend together properly
Take you on an audible odyssey
Now, its going down

Put it out for the world to see
Lp and X-men to the Tenth Degree
(its going down)
Nobody in the world is safe
When we melt down the wax in your record crate
(its going down)

Put it out for the world to see
Lp and X-men to the Tenth Degree
(its going down)
Nobody in the world is safe
When we melt down the wax in your record crate
(its going down)

X-men bout to blast of world wide
X-men bout to blast of world wide
And you do it like this
Bout to blast off
world wide

It's going down

Put it out for the world to see
Lp and X-men to the Tenth Degree
(its going down)
Nobody in the world is safe
When we melt down the wax in your record crate
(its going down)
Put it out for the world to see

Nobody in the world is safe
When we melt down the wax in your record crate
(its going down)
Its goin down
(Its goin down)
Its goin down
(Its goin down)
Its goin down
(It's goin down)

(It's goin down)

Put it on
Said it goes like this
(It's goin down)

And you do it like this
Its going down
Put it on
Said it goes like this (It's goin down) And you do it like
this like this like this like this like this like this like this
