I like the
the way she dance
she take the thug
put them in the trance
She shake the
like an avalanche
Look into her eyes
And you taking the chance
I see the fire in her eyes
Fire in her eyes
The way she moves
She got the fire in her eyes
Fire on her waist
Fire in her thighs
I love the scandal
She so dangerous (dangerous)
She's so dangerous (dangerous)
She's so scandalous (scandalous)
I love the scandal
Hear me sing
Wohoo Hear she comes
Watch out boy she'll chew you up

You call your momma
Lemme see your move
dirty dancing all in the nude
Get crunkish (?)
She about 5 to 6
So I spend the money to see it
I love them girls that belly dance
Drop it down low
And shake that
like whoa
Shorty look like her ma
Remind me of a coke cola bottle
She a bad problem
With her mind on the riches
So bad she pimp him
All about that mighty dollah, yeah
Trying to rip what she ain't gonna hollah

Send for the fry (?)
She gon' get it
Then you go high
She'll get it
Tell 'em why
She already did it
Oh boy (?)
Allright rotate em DJ
